Cargo Services

No nation was ever ruined by trade. – Benjamin Franklin

Cargo can be defined as per the oxford dictionary as well as other leading dictionaries like Webster's, Cambridge, so on and so forth. We understand cargo in business as it what it physically stands for. It can be multiple freight of same goods or even multiple freight of different goods. To make it simple for you, we can do a lot of heavy moving of goods across continents which may be of business or individual consumption. Of course, cargo is generally which fetches money and foreign exchange to the nation. It better is left to the experts who know the job. Let it be air cargo or freight or sea cargo or freight, you know the value of that crucial cargo consignment, and we know the best handling practices and techniques to make it reach the way it should.

For the business community, whether you are an individual or a Small Medium Enterprise (SME) or even a large manufacturing industry, we can assure you that knowing how the Customs works in our daily work, we are better equipped to deal with your export parcel shipments consignments at cheaper cost that you would like. Using Express International Cargo Services, you can now leave your cargo operations and management related concern to us while you focus your attention on the actual procuring, manufacturing and marketing

aspects of the At Express International Express, we have a dedicated team who looks into the daily aspects of cargo handling, imports and exports or international courier. Thus, we have a better view of ground reality and save you the effort of running from pillar to post with your cargo or freight consignment, documents and parcels etc. Also, with Express International Express, when transacting couriers for cargo deliveries, you involve with just one invoice which you sign with Express International Express, one company to deal with, which again is Express International Express, one all leading to one simple solution i.e. Express International Export Express. An additional plus, Value-added Services Insurance On top of the standard Express International liability, we provide insurance services that offer our customers financial protection against all risks of physical loss or damage from any external cause. Customs Clearance Services Express International offers a range of non-standard export clearance and handling services. This is particularly useful when sending high-value or multi-content shipments that require special paperwork or handling. Just mail us your import or export cargo details & we will get back to you. Whether you are importing from or exporting to Asia, Europe, or North or South America, Express International Export Express Worldwide is the fast, easy-to-use service that allows you to succeed. You can count on Express International Express, the global leader in the express parcels and courier industry to get your imports from and export to over 200 countries, using one network, and one invoice in your local currency. We can ship your cargo with our cargo services to UK, USA, Australia, Europe, New Zealand, etc and back to India as well. If you know a simpler way, tell us! If you want one, call us! If you are a company, our Importers and Exporters service in Industry and Solutions header should interest you. For individual transactions too, your search ends here! Sign Up to avail our consultancy and services at best prices now!

Medicine Delivery

Quality International Medicine Courier Services

Wherever the art of medicine is loved, there is also a love of humanity. Hippocrates

A world renowned mythology, Ramayana, with Lord Hanuman carrying the Sanjeevanibooti for Lakshmana, clearly illustrates the significance of medicine arriving in time for the loved ones. Medicine, thus, are one crucial goods which can sometimes mean life or death for the recipient of the courier. It is to cater this need that Express International has created Medicine Delivery, a dedicated service to make medicines courier reach from India to any part of the world. There is no competition to Lord, but you can be assured that when you choose to courier medicines from India with us, it will reach at the committed time in the packed condition. Interestingly, medicine is one such commodity which despite its critical nature is often difficult to ship with other leading courier companies. So, when you courier medicines from India, Express International can deliver this medicines courier to your loved ones across the world. So the next time you or your family in USA, Australia, UK, Europe etc forget to pack their medicines, you can make sure with medicine delivery your medicines courier reaches them at faster than you could imagine. Be assured that Express International Express can deliver critical and lifesaving medicines that are available exclusively in India at your doorstep across the world. No more worrying about procuring your medicines that is available only in India. Just mail us your requirements and we will enquire about the availability and cost of the medicines from reputed pharmacies located across India. On receipt of your payment and confirmation of the order we procure the medicines and ship the medicines courier with our medicine delivery service to your doorstep. NRI's can order online Medicine from overseas and we will have it delivered worldwide. Simply mail us & we will deliver your medicine at your door step. Now all you need to do is call us. We will find, pick up your medicines from your door step and courier medicines from India at your door step or of your family sitting anywhere across the world – be it your office, post office, home or even your vacation destination. If that was not sufficient, you can even track your medicine shipments on-line and our billing is easy to understand. Our wide network and

reach ensures that Express International Express makes ships and delivers are all medicines approved by the WORLD HEALTH ORGANISATION (WHO GMP CERTIFIED), US FDA and European Union branded medicines. If you think there is a package which is shunned by other international couriers, call us, we might just be the people you need to connect with.
